When do you intend to enroll at Roosevelt University? Or, what is your present financial aid status?

Please provide us with your thoughts on the following topics (approximately on typewritten page each)

1. Of the science books or novels you have read or the science-based films or plays you have seen over the past two years, which one was your favorite? Why?
2. Describe your major co-curricular or community activities. Which activity or activities have been the most significant in contributing to the person you are today? Why?
3. What do you see as the most pressing scientific/medical/environmental issue facing your community? What response would you like to see generated by community/governmental action? What role would you like to play in the response now and in the future?
4. What are educational goals or what do you see yourself doing ten years hence? How will a Share Fellowship further the attainment of these goals?
