Welcome Assistant Professor Hyung-IL Jung

Joining the HOSM faculty for Fall semester is a new full-time faculty member, Mr. Hyung-IL Jung (pronounced "young"). Mr. Jung will be teaching hospitality accounting and management information systems. His main office will be at the Schaumburg campus, but he will be teaching at both campuses.

A native of Korea, Mr Jung has his undergraduate degree from Kyung-Hee University in Seoul; his master's degree from Florida International; and, is completing his doctorate at Virginia Polytechnic. An area of his research is the strategic value of information technology. He has HOSM industry experience in operations and systems for large exhibition venues in New York and Las Vegas and with NASCAR in Florida.

Mr. Jung tells us he is very excited to be joining Roosevelt's School of Hospitality and Tourism Management and he is particularly pleased to be moving to the Chicagoland area because he *LIKES* cold weather!

Please join us in welcoming Mr. Jung!

Thank You and Farewell, Professor Yang Huo!

Dr. Yang Huo has re-located to Utah where his daughters are attending college and other family members are nearby. He has joined the Hospitality Management program at Utah Valley State College, a comprehensive four-year community college with 18,000 students in Orem, Utah.

This opportunity was not confirmed until after the semester ended. Dr. Huo regrets that he was not able to tell his students how much he enjoyed working with them.

Scholarship Applications and Student Surveys

Enclosed with this edition is a new HOSM Scholarship form and Student Survey. All continuing HOSM students who are interested in being considered for an **HOSM scholarship** are encouraged to return the scholarship form to the HOSM office. In the past, we have had discretionary funds to disburse to our students. Henceforth those funds will be disbursed based on these scholarship applications.

Also enclosed is a **student survey**. This survey is designed to give your advisors base-line information about your career goals. All students will complete this form on entering the program and students will be surveyed again upon graduation. These surveys will help us assess whether students have met their goals.

Scholarship applications and student surveys can be returned by mail in the envelope provided or dropped into a deposit box in the HOSM office.
