

**FEDERAL WOMEN'S HEALTH AND CANCER RIGHTS ACT (WHCRA)
REQUIRES COVERAGE FOR CERTAIN TREATMENT RELATED TO MASTECTOMY**

If coverage is provided under the group health policy for surgical expenses related to mastectomy, and you elect breast reconstruction in connection with such mastectomy, you also are covered for the following:

1. all stages of reconstruction of the breast on which the mastectomy has been performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. prostheses treatment for physical complications of all stages of mastectomy, including lymphedemas;

in a manner determined in consultation with the attending physician and the patient.

Benefits will be payable on the same basis as any other illness or injury under the group policy, including the application of appropriate deductibles and coinsurance amounts.

Several states have enacted similar laws requiring coverage for treatment related to mastectomy. If the law of your state is applicable and is more generous than the federal law, your benefits will be paid in accordance with your state's law.
