I believe that if you work hard your dreams will come true, as they have for me. Working in the Finance Department of such a respectable company is more

than I could have asked for. It is truly a blessing when someone loves what they do and I must say I am blessed. One piece of advice I would give a current RU student about the job search is: Perseverance is the key. In everything that you do in your job search and in life be persistent and keep on trying no matter what. If you give 100% each and every day it will pay off.
