ROOSEVELT UNIVERSITY
CAREER SERVICES

My name is:

Aratee Martin

My major is/was: Journalism

I am working at Screen
Magazine

My position is: Editor, Writer

This is a success for me because I'm gaining tons of experience and learning more about writing well. It's nice to apply what I've learned in school to an actual position. It makes my school lessons that much more exciting and relevant.

One piece of advice I would give a current RU student about the job search is: Never think you're not good enough or qualified. It'll only postpone the inevitable.
