My Name is: **Hillary Gack**

My major is/was: **History**

The date I graduated is/was: **May 11, 2007**

The campus I attended is/was: **Schaumburg**

I am working at **The Nielsen Company**

My position is **Administrative Assistant in
Nielsen Media Research Department**

**This is a success for me because I never
thought that I would graduate from
college and than find the perfect job for
me. I told myself that I would never find
the perfect job for me. But with the**

**challenges and obstacles that I have faced in my life they taught me
to be strong and never to give up and keep trying. Because of this I
was able to be successful in finding the job that I look forward to
going to everyday. One piece of advice I would give a current RU
student about the job search is never give up even when you get
frustrated. You will go through many different interviews with many
different companies but the perfect job is out there for you. It takes
time but when you find it you will know that it's for you.**
