

experience

ROOSEVELT UNIVERSITY
CAREER SERVICES

My name is:

Toya Thompson

My major is/was:

Integrated Marketing
Communications/Public
Relations

The date I graduated is/was:

December 2008/May 2004

I am working at

Steppenwolf Theatre Company

My position is

Development Associate

This is a success for me because I always wanted to work in the arts and Steppenwolf Theatre Company gave me the opportunity to learn how a non-profit arts organization operates.

One piece of advice I would give a current RU student about the job search is to take advantage of every opportunity available (internships, apprenticeships, traveling abroad) because experience helps build character and network-network-network!

success
