Candlelight Vigil for Overdose Awareness Day

Did you know that accidental drug overdose causes more deaths in Illinois-and across the nation-than traffic fatalities?

Please join us to:

- Remember those lost to overdose
- Hear stories from impacted families and friends
- Honor those who have displayed courage by publicly sharing personal experiences
- Raise awareness about the heroin and pain pill epidemics
- Meet others affected by heroin, opiates and overdose
- Advocate for lifesaving solutions
- End overdose by 2022

Date: Time: Where: August 30, 2012 6:30 PM Roosevelt University Front Rotunda, 1400 Roosevelt Blvd, Schaumburg, IL

Who Should Attend?

Anyone impacted by the overdose or heroin/ pain pill epidemics; individuals in recovery; treatment and mental health providers; health care, emergency services and law enforcement professionals; teachers and health educators; students; community members.

Remember that every voice makes a difference!

Bring: Pictures of lost loved ones, ribbons, your stories!

For more information: please email Kathie Kane-Willis kkane@roosevelt.edu or call 773.865.3104 or visit us at: files.xlmc.net/vigil
