**Introductory Courses**

- ACP 101 First-Year Seminar
- ACP 110 Primary Texts
- ACP 250 Grounds for Change (Pre-Req: UWR; Math 110 concurrent)

**University Writing Requirement**

- ENG 099 (If required by RUA)
- ENG 101 Introduction to Composition
- ENG 102 Argument, Analysis, Research

- MATH 095 (If required by RUA)
- MATH 110 (or higher) Quantitative Literacy

**Sustainability Studies Courses**

- SUST 210 Sustainable Future: Environment, Economy, Equity
- SUST 220 Water
- SUST 230 Food
- SUST 240 Waste
- SUST 310 Energy and Climate Change
- SUST 320 Sprawl, Transportation, and Planning
- SUST 330 Biodiversity
- SUST 3xx SUST 340 Policy, Law, & Ethics, or SUST 350 Service Learning, or SUST 390 Special Topics

**Functional Area**

Eighteen semester hours in one functional area, program area, or Minor. See reverse for important details.

-  
-  
-  
-  

**General Education Requirements**

Nine semester hours in each of the three areas below, 27 semester hours total.

- Social Sciences
- Natural Sciences
- Humanities

**General Electives**

Courses may be selected from any area to complete 120 semester hours in total (generally 24-30 semester hours).

-  
-  
-  
-  

I fully understand that the courses listed on this Curriculum Worksheet are the requirements for this degree and specialization. Any change of major may require different and/or additional courses.

Notes Concerning the Bachelor of Arts Degree in Sustainability Studies
General Degree requirements

- New students should take the Roosevelt University Assessment test before registering for their first semester. Students will not be allowed to register for a second semester at Roosevelt until the RUA is completed.
- The final 30 semester hours of any Roosevelt University degree must be completed at Roosevelt University.
- Students must have a 2.0 grade point average to graduate.
- Students must complete a minimum of 21 semester hours of coursework at the 300-level at Roosevelt.
- Students with less than 15 semester hours of transfer credit (excluding Advanced Placement credit) should take a non-major elective in lieu of ACP 101. Students with less than 30 semester hours of transfer credit should take a non-major elective or ACP 110. Students with less than 90 semester hours of transfer credit should take a non-major elective or ACP 250.
- Functional Area: The Functional Area is defined as a sequence of related courses in a discipline or an interdisciplinary area. For example, students may elect six courses in one discipline like Sociology (and may earn a Minor, if Roosevelt undergraduate catalog requirements are met). Or students may choose six courses in an interdisciplinary area like the Humanities (combining courses in, say, Speech, Literature, and Gender Studies). Appropriate Functional Areas will be approved by an Academic Advisor in consultation with the Assistant Dean.

Specific Requirements and Notes for the Bachelor of Arts in Sustainability Studies

- SUST 210, Sustainable Future, is the recommended first course in the major.
- English 101 is a prerequisite for all 200-level Sustainability Studies courses.
- The University Writing Requirement is a prerequisite for all 300-level Sustainability Studies courses.
- Grade of C minus or higher is required in all Sustainability Studies courses
- Relevant Electives: Two courses (six semester hours) chosen in consultation with an advisor from the following subject areas: additional Sustainability Studies, Criminal Justice, Hospitality and Tourism Mgmt., Organizational Leadership, Paralegal Studies, Biology, Chemistry, Environmental Science, GIS, or Math (especially statistics).
- Double Major: The Relevant Elective courses may be combined with the Functional Area courses to form a double major in Criminal Justice or Paralegal Studies. All major requirements in each discipline must be met. See an advisor.
- Minors: Courses in the Functional Area and Relevant Electives may qualify for an academic Minor in a discipline if all requirements are fulfilled per the Roosevelt undergraduate catalog.
- Students doing a functional area in biology, chemistry, environmental science, or math are encouraged to take Math 96 (if needed) and Math 121 as a Relevant Elective.
