NOTICE OF PRIVACY PRACTICES

EFFECTIVE DATE: September 1, 2014

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

UNDERSTANDING YOUR HEALTH RECORD/INFORMATION

Each time you visit a hospital, physician, dentist, or other healthcare provider, a record of your visit is made. Typically, this record contains your symptoms, examination and test results, diagnoses, treatment, and a plan for future care or treatment. This information often referred to as your health or medical record, serves as a basis for planning your care and treatment and serves as a means of communication among the many health professionals who contribute to your care. Understanding what is in your record and how your health information is used helps you to ensure its accuracy, better understand who, what, when, where, and why others may access your health information, and helps you make more informed decisions when authorizing disclosure to others.

YOUR HEALTH INFORMATION RIGHTS

Unless otherwise required by law, your health record is the physical property of the health plan that compiled it. However, you have certain rights with respect to the information. You have the right to:

1. **Receive a copy of this Notice of Privacy Practices** from us upon enrollment or upon request.
2. **Request restrictions on our uses and disclosures of your protected health information** for treatment, payment and health care operations. This includes your right to request that we not disclose your health information to a health plan for payment or health care operations if you have paid in full and out of pocket for the services provided. We reserve the right not to agree to a given requested restriction.
3. **Request to receive communications of protected health information in confidence.**
4. **Inspect and obtain a copy of the protected health information** contained in your medical or billing records and in any other of the organization's health records used by us to make decisions about you. If we maintain or use electronic health records, you will also have the right to obtain a copy or forward a copy of your electronic health record to a third party. A reasonable copying/labor charge may apply.
5. **Request an amendment to your protected health information.** However, we may deny your request for an amendment, if we determine that the protected health information or record that is the subject of the request:
 - was not created by us, unless you provide a reasonable basis to believe that the originator of the protected health information is no longer available to act on the requested amendment;
 - is not part of your medical or billing records;
 - is not available for inspection as set forth above; or
 - is accurate and complete.

In any event, any agreed upon amendment will be included as an addition to, and not a replacement of, already existing records.

6. **Receive an accounting of disclosures of protected health information** made by us to individuals or entities other than to you, except for disclosures:
 - to carry out treatment, payment and health care operations as provided above;
 - to persons involved in your care or for other notification purposes as provided by law;
 - to correctional institutions or law enforcement officials as provided by law;
 - for national security or intelligence purposes;
 - that occurred prior to the date of compliance with privacy standards (April 14, 2003 or April 14, 2004 for small health plans);
 - incidental to other permissible uses or disclosures;
 - that are part of a limited data set (does not contain protected health information that directly identifies individuals);
 - made to plan participant or covered person or their personal representatives;
 - for which a written authorization form from the plan participant or covered person has been received
7. **Revoke your authorization to use or disclose health information** except to the extent that we have already taken action in reliance on your authorization, or if the authorization was obtained as a condition of obtaining insurance coverage and other applicable law provides the insurer that obtained the authorization with the right to contest a claim under the policy.

This organization may use and/or disclose your medical information for the following purposes:

Treatment: We may use or disclose your health information without your permission for health care providers to provide you with treatment.

To protect your health information, however, we require the Business Associate to appropriately safeguard your information.

POTENTIAL IMPACT OF STATE LAW

In some circumstances, the privacy laws of a particular state, or other federal laws, provide individuals with greater privacy protections than those provided for in the HIPAA Privacy Regulations. For example, where such laws have been enacted, we will follow more stringent state privacy laws that relate to uses and disclosures of Protected Health Information concerning HIV or AIDS, mental health, substance abuse/chemical dependency, genetic testing, and reproductive rights.
