Add a Course Link

Allow instructors to create a course link in a course area to provide quick access to a resource within the course.

1. Ensure Edit Mode is ON

2. Click on the specific content area located on the main menu (i.e. Weekly Lessons)

3. Click on Build Content

4. Click on Course Link

5. Click on Browse to select the location of the link from the course. Accept or choose another name for the course link.

6. (Optional) Type in a description of the web link in the Text box

7. a) Select Yes to Permit Users to View this Content.
    b) (Optional) Select Yes to Track Number of Views.

8. For Select Date and Time Restrictions, select the Display After and Display Until check boxes to enable the date and time selections.

9. Click Submit
