Deploy a Test
(Make the Test Available to your students)

There are several steps that need to be taken when assessing students via Tests in Blackboard (Step 1: Create a Test, Step 2: Add Questions to your Test and Step 3: Deploy your test).

1. Navigate to the course area where you want to add a test or survey (i.e. Weekly Lesson).

2. On the action bar, select the down arrows next to Assessments to access the drop-down list.

3. Select Test.

4. Click to highlight the specific test name.

5. Click Submit. You will be taken to the “Test Options” page. See “Setting Test Options” tutorial.
