Student Usage

Students in your class can submit papers to Turnitin Assignments that you have created. Like instructors, students submit papers from their assignments page. To open the assignments page, students click the assignments link within their course 1. A list of available course assignments is shown.

To submit a paper to an assignment:

1. Click the view/complete link next to the assignment you want to submit a paper to 2.
2. Click the submit icon for the paper 3.
3. Enter a paper title.
4. Click the browse button to locate the file you want to submit.
5. Click submit. On the following page you will be asked to confirm the text of the submission. If the text is correct, click yes, submit to finalize the submission.

If your students have been given access to Originality Reports, they can view their submission and report by clicking on an assignment’s view/complete link 2. This will take the student to his or her assignment portfolio. In this screen the student can click the Originality Report icon to view his or her Originality Report 4. Please note that by default students cannot access reports. For information on letting students view their own reports, please refer to the section Creating a Turnitin Assignment.
