

Dear Residents,

Welcome to Roosevelt University and the 23rd floor! My name is Andrew and I will be your RA for the year! I am a junior working towards my BA in psychology. This is my second year as an RA and I am so excited to start the school year with all of you. I am originally from Chesterton, Indiana, a small town located about an hour away in Northwest Indiana. My hobbies include hiking, biking, listening to music, and drag.

It is very important to me that your time here is positive, well spent, and an overall fun experience so please do not hesitate to let me know if you need anything or if there's anything I can do to make sure those goals are met! The 23rd is intended to be a completely gender inclusive floor as well as a space where residents in the LGBTQ community could feel united and safe. It is extremely important to me that we are respectful of each other's pronouns and identities, especially on this floor. Most of my programs will be based in LGBTQ culture and will hopefully be informative and fun for all of you!

Sincerely, Andrew
