7. Record time at intervals of 15 minutes in the 99:99 format with AM and PM. Click **Save** to display total hours or **Time Sheet** to return to the Time and Leave Reporting Page.

Record your actual time rather than your scheduled time. For example, if you are scheduled to arrive at 9:00 but due to train delays you arrive at 9:10, enter your time as 09:15.

We allow hourly employees at 7-minute grace period. If you arrive 7 minutes after your scheduled time, record yourself as arriving on time. It is important to note that we will not deduct time during the grace period, however you are still tardy. Hourly employees are expected to be at their work stations, ready to work, by their scheduled start time.

Please record your time daily. If you take a break or meal period, enter your Time Out when you leave and Time In again when you return.
