Relocation Expense Policy

Policy Statement

In recognition of the fact that the selected candidate for a position at the University may live outside of Illinois, the University has established this Relocation Expense Policy to provide a moving allowance to an eligible Employee who has relocated to the Chicago metropolitan area to be employed by the University.

The University reserves the right to modify or amend this Policy at any time, at its sole discretion. Any change to this Policy will become effective at the time designated above, and the changes will apply to both prospective students and those already enrolled. This Policy does not constitute an express or implied contract between Roosevelt University and any past, present, or prospective student, employee (including administrator, faculty, or staff), contractor, or volunteer. Unless otherwise stated, the term "Employee" as used in this Policy shall refer to all employees (including administrators, faculty, and staff), but not to contractors or volunteers.

Policy

The University may offer and provide to an **eligible** exempt Employee a moving allowance for **actual moving expenses** (excluding relocation and search expenses) ("Allowance") that the employee incurs to relocate to the Chicago metropolitan area to commence their first position with the University ("Expenses"); non-exempt Employees are not eligible for an Allowance under this Policy. The term "actual moving expenses" means the actual costs for (i) the packing, movement, and insuring of household goods, appliances, and personal effects for such goods from the point of departure to the point of arrival, (ii) transportation expenses for Employee and dependents to the new home, and (iii) connecting or disconnecting utilities required as a result of moving household goods, appliances, or personal effects. Actual moving expenses do not include travel and other expenses associated with the search for new employment or housing, or the costs of selling, purchasing, or renting a residence.
