

**Relationship Statement and
Standards of Excellence for the
Greek Community**

RELATIONSHIP STATEMENT

Roosevelt University supports the existence of a Greek community because of the leadership, service, social, academic, and sister/brotherhood opportunities. These experiences allow students to develop their values and skills, which will ultimately impact the lives they lead upon graduation. When Greek letter chapters function in accordance with their stated mission and values and with the University's Mission and policies, the University community benefits from their student leadership, involvement and service in addition to the array of developmental benefits from their individual members.

This statement affirms the relationship among Roosevelt University, its recognized Greek chapters/colonies and their respective inter/national organizations. In recognition of the ongoing contributions and potential of the Greek community, Roosevelt University continues to provide ongoing support as outlined in this Relationship Statement. As the relationship among the University, the Greek chapters, and the inter/national organizations evolves, this Relationship Statement may be updated and amended from time to time. Consistent with the Code of Student Conduct, Roosevelt University also retains authority over the University's recognition of Greek chapters/colonies and reserves the right to modify the terms and conditions applicable to the relationship among the University, its recognized Greek chapters/colonies, and their respective inter/national organizations, in consultation with the Greek community

In recognition of the extent to which the concerns and objectives of Greek-letter organizations are reflective of the Roosevelt University Mission, self-regulation of the recognized chapters, acting independently or through the representative council and in accordance with all University policies, rules, and regulations, will be encouraged.

The following document has been created to provide a summary of the expectations of fraternities and sororities at Roosevelt University. Adherence to these expectations will help advance the success of the chapters and the students.

CITY-WIDE CHAPTER POLICY –ADDENDUM B

A City-Wide fraternity or sorority is defined as a collegiate chapter consisting of two or more colleges and/or universities where membership can be generated. Each City-Wide Chapter operates under one constitution/bylaws, one set of elected officers, one initiation, and is chartered and recognized by the organization's national/international headquarters.

Loyola University Chicago, Elmhurst College, Roosevelt University, DePaul University, Illinois Institute of Technology, Northwestern University, University of Chicago, and University of Illinois-Chicago recognize City-Wide Chapter status of fraternities and sororities who are unable to charter a chapter exclusive to a specific campus. Members of these chapters may be enrolled at any of the above named institutions or other participating institutions per organizational charter. To be allowed to use college/university facilities, recruit members, advertise events and approach the Interfraternity Council, Panhellenic Council, Multicultural Greek Council, National Pan-Hellenic Council, Greek Council, or other governing body for associate membership status, City-Wide Chapters must adhere to the following policies which have been established to ensure the success of the City-Wide chapters on each respective campus:

1. Maintain current files at each institution with the University Greek Advisor or other designated University Staff member. The following items must always be on file with each university listed on the Chapter Charter:
 - Copy of Chapter Charter
 - List of affiliate institutions
 - Brief history of the national and local chapter
 - A copy of the chapters membership intake and education programs
2. All items listed below (as requested by each institution) must be submitted within four (4) weeks of the start of the academic year. (If the chapter wants to do programming prior to the four (4) week deadline, they must submit the information below at least two (2) weeks prior to their planned event.) All items must be updated and submitted to the University Greek Advisor or other designated University Staff member at the time of the change if they change over the course of the year.
 - A grade check release form for each member
 - A signed anti-hazing statement from each member and potential member or chapter
 - Complete roster information
 - Advisor addresses and phone numbers
 - A national and chapter constitution
 - A roster of chapter officers, inclusive of the chapter representative
 - Local, national, regional and international officers
 - Any information requested by the respective institution as it relates to active status
3. Fulfill all the requirements for student organization recognition/registration as specified in the respective institution's policy, if applicable.
4. Be in good standing with the national organization, the graduate/alumni chapter, and advisor.
5. Designate one chapter representative for each campus, preferably a student enrolled in the respective college/university, to serve as the primary liaison between the institution and the chapter. The representative must meet with a staff member in Fraternity/Sorority Life (a

minimum of at least once per term) as a means of maintaining open communications and cohesiveness among the university community.

6. Maintain a positive working relationship with the governing Greek Council, which includes at least one face-to-face meeting and/or activity per term with officers from the council (this can include attendance at Council meetings and/or events in which the goals and activities of the city-wide chapter and governing council are shared and discussed).
7. In the event that a City-Wide Chapter's recognition is suspended from an institution, the sponsoring graduate/alumni chapter, regional directorate, and affiliate institutions will be immediately notified of this action. The sanctions, as deemed appropriate by sanctioning institution, will be upheld where appropriate by all other universities on the Chapter Charter.
8. Recruitment and membership intake process activities may not commence on any campus prior to approval through the Fraternity/Sorority Life Office. This notification and subsequent approval must include the names of all students who will be involved in the intake process and the intake time frame. The expectation will be that this information will be treated with discretion, not being broadly shared until such time that the organization has made the official announcement of these students' full membership.
9. Prior to beginning the intake process, the Greek Life advisor must either be invited to attend and speak briefly during at least one informational meeting or be given the opportunity to meet one-on-one with each potential new member in order to meet them in person, share expectations, and share resources.
10. Once an intake process is complete and the students have "crossed" into full membership with the organization, an official announcement must be sent to the Fraternity/Sorority Life Office (this can be in the form of an e-mail).
11. All events/activities to be scheduled on individual campuses must have prior approval through the Fraternity/Sorority Life Office.
12. All events must adhere to the college/university guidelines.
13. In the event that a City-Wide Chapter does not have a member enrolled on a campus, the designated chapter representative and advisor must maintain regular contact (at least once per academic year) with that institution's Greek Advisor to maintain active status. Chapters without a member enrolled may host cultural, recruitment and/or educational events at the respective institution, but not social events.

If a City-Wide Chapter has violated any university policy the appropriate University representative will immediately contact the organizational advisor to review the institution's hearing process.

University/college policies, including those which prohibit those not enrolled at the institution from participating in certain college/university activities, shall take precedence over these guidelines.
